CIRCUIT HOUSES.

RULES FOR THE OCCUPATION OF CIRCUIT HOUSES IN ASSAM.

1. Circuit-houses at headquarters of districts are in the immediate charge of the Deputy Commissioner and those in subdivisions in the immediate charge of Subdivisional Officers. Deputy Commissioners are responsible for the observance of the rules regarding them. In all matters connected with circuit-houses, a Subdivisional Officer is under the control of the Deputy Commissioner, and a Deputy Commissioner under the control of the Commissioner as much as in all other branches of his executive charge. The Commissioner should see that all the rules are strictly observed.

2. Circuit-houses at the headquarters of districts are primarily intended for the accommodation of the Governor, Members of the Executive Council, Ministers of Government, Heads of Departments, Commissioners of Divisions, and Judges on circuit, but the officers named in the list appended are also privileged to occupy them free of charge when travelling on duty. An officer entitled to occupy a circuit-house free of charge may take with him his family provided accommodation is available.

NOTE.—The words "free of charge" whenever they occur in these rules mean "free of rent for occupation" and not free of rent for the use of electric lights and fans which is separately charged.

2(A). Rent will be charged for the consumption of electric current from occupants, whether officials or non-officials excluding servants, of those circuit-houses which are fitted with electric lights and fans, at the following rates* :—

	Rs.	a.	p.	
From 1st March to 31st October	1	0	0	a day.
From 1st November to 28th February	0	8	0	a day.

These rates cover the sole or joint use of the common rooms and the occupation of one bed room, with the dressing room and bath room attached.

If the person occupying a circuit-house is accompanied by his family, he will be charged in addition to the above :—

	Rs.	a.	p.	
From the 1st March to the 31st October	0	10	0	a day.
From the 1st November to the 28th February in respect of every additional bed room occupied	0	4	0	a day.†

3. No other officer of Government is allowed to occupy a circuit-house without the written orders of the Deputy Commissioner.

NOTE.—*Exceptions.*—(1) The Superintendent and Assistant Superintendent, Lushai Hills, and the Commandant and Assistant Commandant (Assam Rifles), Lushai Hills Battalion, may occupy the circuit-house at Silchar, when on duty in that station, without previous reference to the Deputy Commissioner.

(2) The Deputy Commissioner and the Superintendent of Police, Sylhet, may occupy a room in the circuit-house at Cherrapunji, under the orders and subject to the conditions laid down in Appointment Department letter (Misc.) 23—5320A.P. of 9th September 1927 addressed to Commissioner, Surma Valley and Hill Division.

(3) The Subordinate Judge of Sylhet and Cachar may occupy a room in the circuit-house at Silchar when on duty at that station.

(4) The Political Officer, Balipara Frontier Tract, may, without previous reference to the Deputy Commissioner, Darrang, occupy a room in the circuit-house at Tezpur when passing through that station on duty [Appointment (Misc.) 85—4544A.P., dated the 20th July 1928].

4. Deputy Commissioners may allow circuit-houses or such rooms in them as may be set apart for the purpose (when they are not required by the Governor or any of the officers named in the list appended) to be occupied temporarily by gazetted officers of Government who may be summoned on duty from outside stations, or who may be posted temporarily to the station. A similar concession is allowed in the case of a Deputy Commissioner, a District and Sessions Judge, a Civil Surgeon, an Executive Engineer or a Superintendent of Police, having to join an appointment at the headquarters of a district in such haste as to preclude his taking furniture with him. In all these instances previous permission must be obtained, and all such cases must be forthwith reported to the Commissioner of the Division, and if the occupation is to last more than fifteen days, the sanction of the Commissioner must be obtained. Rent must always be charged in such cases at a daily rate, which shall be fixed for each circuit-house or part thereof by the Deputy Commissioner subject to the approval of the Commissioner of the Division.

* Half of the rates will be charged for stay of three hours or less.

† Rent should be charged for the consumption of electric current from the occupants of the clerks quarters attached to the circuit house at Ganhati, which is fitted with electric lights only, at the rate of annas four a day throughout the year.

5. Members of the Auxiliary Force (India) attending a camp, meet or parade may be allowed by the Deputy Commissioner accommodation in a circuit-house free of charge when it is not required by the Governor or by any of the officers named in the list appended. The grant of such permission should be immediately reported to the Commissioner.

6. Persons other than those specified in the preceding rules are not allowed to occupy circuit-houses or parts of them, except under the special orders of the Commissioner, which should be obtained beforehand. If permission is granted, rent will be charged at the rates fixed under clause (4).

7. Every person allowed to occupy a circuit-house or part of it, under clauses 4 to 6 above must understand that on the shortest notice, and at whatever inconvenience to himself, he must undertake to provide accommodation for officers who are entitled to it and to vacate the room or rooms occupied by him, if such measure is at any time considered necessary by the Deputy Commissioner or Commissioner.

8. No officer is permitted to use a garage at a circuit-house unless he is actually staying in the circuit-house.

9. For the purpose of determining the priority of right to occupy a circuit-house officers are divided into five classes as shown in the list annexed.

(a) Officers occupying the circuit-house under clause 2 of this rule must, when required to do so, surrender their rooms in favour of an officer shown in the list as in a higher class.

(b) As between officers placed in the same class, the one who arrives first is entitled to accommodation in the circuit-house, unless it has been previously reserved for the other officer under orders of the Deputy Commissioner; provided that no officer shall be entitled to occupy the whole or part of a circuit-house for more than fifteen days to the exclusion of another officer in the same class.

(c) When a circuit-house is divided into two or more complete and separate sets of rooms, no officer other than the Governor is entitled, except with the special permission of the Deputy Commissioner, to occupy more than one such set to the exclusion of another officer travelling on duty.

10. Officers wishing to occupy a circuit-house are advised to send advance intimation to the Deputy Commissioner or Subdivisional Officer in immediate charge giving the dates on which they desire accommodation, so that they may be informed if any other officer having a prior lien on the circuit-house has already expressed his intention of occupying it on any of such dates.

11. In addition to the officers named in the list, the following officers are entitled to accommodation free of charge in circuit-houses other than those at the headquarters of a district. With the exception of the Deputy Commissioner, who will rank in class IV, they will rank for the purpose of these rules with officers in class V, except Superintendents of Excise, who will rank below officers in that class:—

12. A visitors' book should be kept at each circuit-house, and should be signed by every person using the circuit-house immediately on arrival. The book should be shown by the chaukidar in charge of the circuit-house to the Deputy Commissioner or Subdivisional Officer at such intervals as the Deputy Commissioner may prescribe.

13. The management and care of the furniture, collection of fees, control of the establishment, and general maintenance of the compounds of dâk-bungalows and circuit-houses rest with the Civil Department, and the connection of the Executive Engineer with these institutions extends only to the maintenance of the buildings, and of the fencing, gates and roads in the compounds.
